**Message Nr. 1**

Klášteřec nad Ohří, 7 January, 2011

Dear Friends and Participants in the Study Visit „Inclusion is not illusion“,

On the first place, I wish you a Happy and a Prosperous New Year and I am looking forward to meeting you in May !

I am very pleased that you have chosen this study visit organised by our school. I work as a headmistress of a Practical Primary School for pupils with learning disabilities and students with combined disabilities aged 6 – 15 years, sometimes even older. These students execute the compulsory school attendance in our school. You are invited to visit our websites.

Within the Study Visit you will visit different schools and institutions, the Ministry of Education and we will provide you with the information on the current legislation concerning the inclusion. You also will visit some sites and monuments in the Czech Republic.

**I'd like to ask you to prepare the presentation on the subject (process of the inclusion in your country and in your school / instutution, your eperience etc.) in duration of max. 15 minutes (the PC will be available). Please bring your presentation on the USB key as well.**

**I'd like to ask you to arrange your flight tickets so that you will be able to arrive to Prague on Sunday, May 1 till 4 p.m. at the latest. Our first informal meeting will take place on Sunday, 1 May at 7 p.m. in the hotel.**

I'll provide you with the detailed programme and other necessary information later on.
